Creative Movement: A fun, fast moving class! Great for boys and girls! Students will enjoy all aspects of this class. We always begin class with a warmup, specifically designed to build strength and promote flexibility, all while having fun! Students will learn dance steps that travel across the floor, as well as steps that we will put together to turn into fun dance combinations! As we transition into Ballet, students will learn basic positions and techniques in a fun and engaging way. Students will also learn gymnastics skills, such as forward rolls, backward rolls, and crab walks to name a few. We will take turns practicing our new skills down the mats.

*All classes end with a fun game and stamp!!
